To whom it may concern:

Alan Baumann has worked as a temporary Radiologic Technologist at John Peter Smith Hospital, from June through September, 2004. I am writing this letter to highly recommend him to your organization. Although he is a temporary (agency) Rad Tech, he works seamlessly among our staff technologists in an equal capacity.

Alan is a highly-skilled professional, worthy of a staff position. He can work without supervision and is an asset to all areas of our radiology department. He has strong patient care abilities and ethics, produces quality work and exemplifies our organization's values of quality healthcare and patient satisfaction. He performs well while keeping a positive attitude. He is also punctual and dependable.

I also believe Alan has the communication skills and leadership abilities necessary to carry him to management if he should choose to.

If you would like to speak to me about Alan's skills, talents and work habits, feel free to email me or call (817) 927-3880.

Sincerely,

A handwritten signature in cursive script that reads "Neal E. Hibbitts". The signature is written in dark ink and is positioned below the word "Sincerely,".
