

DEPARTMENT OF VETERANS AFFAIRS  
Medical Center  
3710 Southwest U.S. Veterans Hospital Road  
Portland OR 97207

10/24/2005

To Whom It May Concern:

I am pleased to recommend Alan Baumann without reservation for a position as an X-ray and CT Technologist. Alan has worked with us in a "Hybrid Technologist" (X-ray/CT) position for the last four months. I hired Alan as a "Traveler" temp for summer vacation coverage throughout the Radiology department where he served in all general areas of X-ray as well as CT. Alan has worked all shifts and demonstrates that he is a capable Technologist.

As a Traveler, Alan rotated through our department doing "General X-ray", Fluoro, Portables, OR and CT. Alan has proved to be competent in all areas of our department. He is cooperative with staff, demonstrates good patient care skills, and exceeds in areas of his responsibility. I have been complimented on his performance and attention to detail. Alan was commended for his quick response and handling of a severe contrast reaction in CT which may have saved a patient's life.

Alan is a valued caregiver. He is dependable and often volunteers for overtime when we are in need. He maintains a professional appearance and a positive attitude. With his lengthy and varied experience, he is helpful in training the students he works with and provides welcome leadership skills to his fellow techs. Alan is knowledgeable with the equipment we use and I am confident in his abilities as he has frequently been the sole tech in our hospital on night shifts.

Once again, I recommend Alan and I am pleased with his work. He has been an asset to our department.

Sincerely Yours,
